

Is COVID Causing You to Get Behind on Your Energy Bills?

We can help you receive a credit toward your PGE or propane bill.

Amador-Tuolumne Community Action Agency's (ATCAA) LIHEAP Program currently has additional **Coronavirus Aid, Relief, and Economic Security (CARES)** funds to help with paying propane or electric bills. You can apply for the **CARES** funds; even if we've assisted you this year. You just need to meet the income guidelines.
